

# Infrastructure Group

Surerus Murphy Joint Venture (SMJV) brings together two leading infrastructure companies, Surerus Pipeline Inc. and J. Murphy & Sons Ltd. Together, the two companies combine over 100 years of energy construction heritage, providing experience and innovative solutions to challenging projects in the energy industry. With over five years operating in Canada, Surerus Murphy's progressive yearly growth has evolved into some of the largest projects delivered in Western Canada in the last decade.
